EXPERIENCE

CODSOFT | WEB DEVELOPMENT INTERN
Jan 2023 - Present | Kolkata

- As a web development intern at CodSoft, I successfully completed three projects: a personal portfolio website, Landing page and a Calculator.
- Utilizing my skills in HTML5, CSS3, and JavaScript, I developed responsive and user-friendly websites.
- I gained experience in front-end development, including designing and implementing responsive layouts, integrating third-party APIs, and optimizing website performance.

ADV INDIAN CODER | WEB DEVELOPMENT INTERN
Dec 2023 – Jan 2023| Chennai, Tamilnadu

- During my internship as a Web Development Intern at ADV Indian Coder, I completed To-do list Application and Ecommerce site. I create visually appealing and functional websites using HTML5, CSS3, and JavaScript.
- Through agile development methodologies, I collaborated with cross-functional teams to deliver projects within deadlines.

PROJECTS

PERSONAL PROTFOLIO SITE | Link
Dec2023– Jan 2023

- As part of my project portfolio, I developed a personal portfolio website using HTML, CSS, and JavaScript. This responsive and visually appealing site showcased my skills and experience in a clean and modern design. By implementing interactive elements and smooth animations, I enhanced user engagement.
- I optimized the site's performance for fast loading times and ensured cross-browser compatibility. Additionally, I utilized best practices for SEO and accessibility, resulting in improved online visibility.
- Collaborating with a graphic designer, I created custom graphics and illustrations for professional branding. The project had a significant impact on my online presence.
  TECH STACK:
  Javascript, HTML5,CSS3

TO DO LIST APP | Link
Nov 2023 – Dec 2023

- As part of my project portfolio, I designed and developed a responsive To-Do List application using HTML, CSS, and JavaScript. The app allowed users to create, manage, and organize tasks effectively, with features such as task filtering, prioritization, and deadline tracking.
- I utilized best practices in front-end web development to create an intuitive user interface and ensure cross-browser compatibility.
- The impact of this project was evident in its improved productivity and efficiency for users, showcasing my skills in problem-solving and attention to detail.
  TECH STACK:
  HTML5,CSS3,JS
